

PROJECT PARTICIPATION: ENSOCIO-LAC FINAL WORKSHOP

Project: ENSOCIO-LAC (Strategic, Sustainable R&I Cooperation (Climate Action, Resource Efficiency and Raw Materials. EU-Latin America & Caribbean Cooperation) Strategic Alignment of R&D Cooperation (EU-CELAC)

Location: Berlin, Germany | **Year:** March 2015

Executive Summary

Active participation in the final technical sessions of the **ENSOCIO-LAC project**, a strategic initiative funded by the European Commission to align Research and Development (R&D) priorities between Europe and Latin America.

I was responsible for the completion and final review of key **strategic deliverables** and technical outputs. These results were presented during the closing workshop in Berlin to a consortium of international stakeholders, ensuring the successful conclusion of the project's roadmap.

Digital Evidence & Project Verification

As formal verification of this technical engagement and the successful submission of project milestones, please refer to the official project communication:

- **Verified Link:** [Twitter/X Post by ENSOCIO-LAC Official Account](#)
- **Context:** Closing workshop and final deliverable presentation in Berlin.
- **Evidence Detail:** The official communication highlights the team's effort in finalizing the R&D alignment documents, featuring Marcela Sánchez during the technical sessions.

Strategic Impact for KLU

My role in ENSOCIO-LAC demonstrates my ability to:

1. **Manage EU-Funded Project Lifecycle:** Familiarity with the rigorous reporting standards of the European Commission (FP7/Horizon 2020).
2. **Technical Writing & Deliverables:** Proficiency in producing high-level strategic documents for multicultural consortia.
3. **Cross-Border R&D Execution:** Experience in operationalizing international cooperation agreements between Germany and LATAM.

Among other attendees in the picture: Dr. Zuzana Boukalova, Senior Researcher at the University of Life Sciences Prague; Director of METCENAS. Dr. Hanna Ljungkvist Nordin, Senior consultant på Profu & Dr. Stephanie Splett-Rudolph, Head of Department North, Central and South America; Project Management Agency DLR Agency DLR. This document serves as professional verification of R&D project leadership and technical delivery.
