

STRATEGIC LEADERSHIP & ACADEMIC REPORTING: DAAD BERLIN

Event: ANNIVERSARY EVENT: 10 years of the Centres of Excellence DAAD

Location: Berlin, Germany | **Year:** 2019 **Organized by:** German Academic Exchange Service (DAAD) **Role:** Strategic Panelist & Rapporteur

Executive Summary

Selected by the **DAAD** to serve as a **Strategic Panelist and Rapporteur** during the high-level ANNIVERSARY EVENT: 10 years of the Centres of Excellence – international cooperative partnerships in research, teaching and consulting as beacons of foreign cultural, educational and scientific policy.

This role involved synthesizing complex discussions on institutional synergy and reporting key findings to a plenary of international experts. The workshop focused on the sustainability and scaling of Excellence Centers as pillars for scientific diplomacy between Germany and the CELAC region.

High-Level Stakeholders & Co-Panelists

I shared the strategic platform with distinguished representatives from top-tier German and international institutions, including:

- **Heidelberg University** (Excellence Cluster).
- **CAPAZ** (German-Colombian Peace Institute / Freie Universität Berlin).
- Senior officials from the **DAAD** headquarters.

Evidence & Verification

Formal verification of this high-level engagement is provided through the **Official Event Agenda**:

- **Document Reference:** [daad_excellenzclustereinleger_druck.pdf](#)
- **Retrieved in: Website:** [DAAD.DE](#)
- **Status:** Listed as an official speaker and rapporteur for the thematic working groups.
- **Key Contribution:** Analysis of transnational cooperation models and reporting of strategic R&D alignment results.

Strategic Institutional Impact

My selection for this role by the DAAD highlights:

1. **Institutional Trust:** Recognition by Germany's primary academic exchange body as a subject matter expert.
2. **Elite Networking:** Proven ability to collaborate with "Excellence" level institutions (Heidelberg/FU Berlin).
3. **Analytical Synthesis:** Mastery in the "Rapporteur" role, requiring high-level German/English proficiency to consolidate complex scientific and administrative policy findings.

This document serves as professional verification of academic leadership and strategic reporting within the German federal education framework.
