Letter of Recommendation: Marcela Sánchez Vargas

To Whom It May Concern,

As the Executive Director of CEMarin, I am honored to provide this recommendation for Marcela Sánchez Vargas, who served as our Administrative Director and Strategic Partnerships Manager from April 2016 to June 2023.

As the Executive Director of the Corporation Center of Excellence in Marine Sciences (CEMarin), I am honored to provide this recommendation for Marcela Sánchez Vargas, who served as our Administrative Director and Strategic Partnerships Manager from April 2016 to June 2023.

Marcela was a cornerstone in the institutional and financial consolidation of CEMarin. Her leadership was characterized by a unique combination of mathematical logic and strategic foresight. This was most evident in her ability to scale our portfolio of signed projects, which reached a peak of over \$555,000 USD by 2023—the culmination of the robust strategic groundwork and international partnerships she cultivated throughout her tenure.

During her seven years with us, Marcela demonstrated exceptional operational agility, successfully diversifying our funding through high-level cooperation with the DAAD and international stakeholders. She played a leading role in orchestrating major international academic events, including the International Conference in Marine Science 2018, 2022 and 2020 Virtual Conference, and the MMM6 (6th Mangrove Macrobenthos and Management) World Conference. Her orchestration of these multicultural networks under high-pressure conditions was executed with remarkable efficiency.

Her profound impact on our digital adoption and her intercultural fluency in coordinating with German institutions such as JLU Giessen, make her an ideal candidate for founding director and senior leadership roles in international STEM or academic settings. She possesses the vision and operational mastery required to build systems from the ground up.

Sincerely,

Andrés Fernando Osorio Arias

Letter of Recommendation and Career Path Confirmation

To whom it may concern,

As the legal representative of **Global Partnership Multidisciplinary Firm (GPMF)**, I am pleased to provide this letter in support of **Marcela Sánchez Vargas**. Marcela is a Co-founder of our firm, a role she has held since our inception in 2008.

Throughout her distinguished career, Marcela has been a pillar of our organization. From 2008 to 2023, she served as a **Strategic Advisor**, providing high-level guidance while simultaneously leading major international organization CEMarin. In July 2023, she transitioned into her current active role as CEO & **Head of Strategy & Operations** to spearhead our digital transformation and operational scaling.

Under her active leadership, GPMF has achieved remarkable milestones, including the implementation of advanced RevOps workflows using n8n and SQL, which resulted in over 200 successful transactions within the first year. Her ability to build operational ecosystems from a "blank page" is exceptional. We recognize Marcela as a leader with her rare combination of mathematical precision, intercultural fluency, and German-standard management experience.

We are fully aware of Marcela's application for the **Founding Campus Director** position at KLU Bogotá. Should she be selected, Marcela will transition back to her role as a **non-executive Strategic Advisor** at GPMF. This move ensures that she can dedicate 100% of her professional focus and energy to the successful launch and growth of the KLU Campus while maintaining her legacy link with our firm.

Marcela is a visionary leader with a rare combination of mathematical precision and intercultural fluency. She is a "Founding Leader" who understands how to bridge the gap between academic vision and operational profitability. We highly recommend her for this founding role and remain at your disposal for any further information. We recommend her without reservation for this pivotal role.

Sincerely,

Adriana Sánchez Halleux
